

THE BEAR'S ACTION
ROUSES THE LIONENGLISH GOVERNMENT ON ITS
METTLE.

The Stand Taken By Russia in the East Destroys the Balance of Power and Will Not Be Permitted—Powers Must Intervene—Much Excitement in London.

London, Oct. 26.—The dispatch from Shanghai announcing the departure of a fleet of nineteen Russian warships from Vladivostok for Chemulpo and Fusan, Corea, and the Times dispatch from Hong Kong announcing that Russia has obtained the right to anchor her fleet at Port Arthur and construct railroads on the Liao-Tung peninsula have caused intense excitement in official circles here as well as in those having commercial relations with the far east. These most important statements are looked upon generally as being a sudden reopening in an unexpected quarter of the far eastern question in its widest sense.

The Shanghai dispatch added that the Japanese fleet in Formosan waters had been recalled, that several British warships had been ordered to Corea and that preparations for a struggle were visible on all sides. It is admitted here that the situation presented is so grave that, should the news prove true, it would make war, in which several nations will take part, more than probable. It should be added that there is every reason to believe that the story from Hong Kong is authentic, and all sources of information agree that the powers interested in the far east will find themselves confronted by a condition of seriousness which cannot be over-estimated. The papers of this city all publish long articles agreeing that British intervention in the far east is necessary.

The St. James' Gazette says: "Even war with Russia would be less disastrous than to allow her, without a blow, to get such a grip upon China. She could throttle all the other powers and choke off their commerce. Unless Russia and China give the necessary assurances it is a case for an ultimatum, and perhaps the most serious step our diplomacy has had since the Crimean war."

The impression is general in the official world, and it is re-echoed by the press, that neither America nor Germany can allow the Pacific to become "a Franco-Russian lake," as the Globe puts it, and it is generally thought that the diplomats will be sufficiently strong to combine to resist Russian aggression.

The Pall Mall Gazette sums up the startling news from the far east with the statement that "Russia has annexed China," and in the course of a long article on the subject adds: "If this treaty is to stand, roll up the map of Asia."

In conclusion, the Pall Mall Gazette urges the re-occupation of Port Hamilton by the British and the immediate strengthening of the British fleet in Chinese waters, "lest Japan lose her fleet at the first blow."

Since this important news was circulated the greatest activity has been displayed in the government offices here, particularly at the foreign office and at the admiralty, and the coming and going of messengers was continuous throughout the morning.

BIG SCANDAL PROMISED.

Sensational Rumor About Finances of the State Department.

Washington, Oct. 26.—There is prospect of a sensation at the state department growing out of an investigation now in progress of the accounts of Disbursing Agent Kieckhefer. Among the allegations is one to the effect that upwards of \$40,000 received from passport fees alone cannot be satisfactorily accounted for by the experts detailed on this work by the auditing department of the treasury.

In official circles it is hinted that another Librarian Spofford affair is trembling on the verge of exposure, and while no charges are made against the integrity of Mr. Kieckhefer, there appears to be something radically wrong with the system of accounts in vogue at the state department.

Nicholson Law Upheld.

Indianapolis Oct. 26.—Judge Cox, of the police court, in a test case, held the Nicholson liquor law constitutional. The section passed upon was the one forbidding persons other than the saloon keeper and his family to enter the saloon during prohibition hours. Under this ruling restaurants to which bars are attached will have to close when the bars are shut up. An appeal is probable. Judge Stubbs, from the same court, before retiring from office a month ago, held this section unconstitutional.

John M. Palmer Not a Candidate.

Springfield, Ill., Oct. 26.—United States Senator John M. Palmer has authorized the announcement that he will not be a candidate for re-election. He talks freely upon the subject of the campaign in the 18th congressional district and says it is not a political contest. He would not regard the election of Lane as a democratic victory.

Choose an Arbitrator.

Columbus, O., Oct. 26.—Ex-Attorney General John Little of Xenia has been chosen arbitrator to fix coal mining wages in Ohio by a joint meeting of miners and operators here.

STILL HAVE HOPES.

People of Hot Springs Have Not Given Up Faith in the Fight.

Hot Springs, Ark., Oct. 26.—There are enthusiasts in Hot Springs who still persist in the belief that Corbett and Fitzsimmons will yet meet at Hot Springs to try conclusions with five-ounce gloves. Corbett and Brady had their things packed to leave Hot Springs yesterday, pursuant to the announcement sent out by Brady over Corbett's signature, but the champion, after reading the dispatches, though professing the sincere belief that Fitzsimmons would not come to Hot Springs, announced his determination to remain until Nov. 1. A telegram was sent to Fitzsimmons at Corpus Christi, inquiring officially whether he intended coming to this place before Oct. 31. Up to 9 o'clock last night no reply had been received. Corbett is sensitive to newspaper criticism and says he will stay only to show that he is not afraid to meet Fitz if he does come, although it is a waste of time.

Should Fitzsimmons come there is a probability that the men will come together, but as matters now stand the situation is altogether indefinite. Fitzsimmons' money is not up. Julian fails to respond to telegrams, Corbett is waiting to see what will happen and the people are losing interest in the whole affair.

DON'T WANT GUNS.

Government of British Guiana Rejects Chamberlain's Advice.

Washington, Oct. 26.—The state department is in possession of the full text of the dispatches sent by Joseph Chamberlain, secretary of state for the colonies in the British cabinet, to Sir Charles Lees, governor general of British Guiana, concerning the strengthening of the frontier, the increase of police, and the purchase of Maxim guns in the British Guiana territory. The department has been furnished also with the detailed action of the high council of British Guiana upon the recommendations of Minister Chamberlain. The proceedings give the full resolution offered by the governor general for the purchase of a Maxim gun and ammunition, uniforms, arms and accoutrements. They also make the surprising disclosure that the high council of British Guiana, after its members had severely arraigned Minister Chamberlain for his precipitate action in recommending Maxim guns, defeated the resolution for their purchase by a vote of 10 to 8, thus rejecting the policy laid down by the British cabinet.

TALKS FOR DURRANT.

Gen. Dickinson Makes the Opening Statement for the Defense.

San Francisco, Cal., Oct. 26.—General Dickinson made the opening argument for the defense in the trial of Theodore Durrant yesterday. Dickinson's speech was in the nature of a surprise, from the fact that he did not attack the integrity of the prosecution's witnesses, nor denounce the methods of the police, as Attorney Deuprey intimated would be done in his opening address to the jury. He based his whole defense on the reliability of the roll call, which shows that Durrant attended Dr. Cheney's lecture of the afternoon of April 3, and challenged the prosecution to prove that the call was incorrect. Touching upon the contention of the prosecution that Durrant's motive for the crime was the same as the Ripper to commit the Whitechapel murders in London, Mr. Dickinson bridled passion that compelled Jack challenged the prosecution to show anything in the testimony submitted which tended to show that Durrant was not a moral man.

Masons at the Grave of Gen. Pike.

Washington, Oct. 26.—The Supreme Council of the Ancient and Accepted Scottish Rite of Masons made a pilgrimage to Oak Hill cemetery yesterday and at the grave of General Albert Pike conducted services which are to be repeated at each triennial session of the order hereafter. At the grave Grand Commander Caswell explained the object of the establishment of the custom. The ritual was then read. The mourning battery salute was given and singing concluded the exercises. The regular proceedings of the council were resumed in the afternoon and the entire session was occupied with the transaction of routine business.

Nebraska Bank Closes.

Gothenburg, Neb., Oct. 26.—The State Bank closed its doors yesterday. The failure is due to the slowness of collections. From the best information obtainable the deposits amount to about \$8,000, while the assets are about \$25,000, but part is uncollectible. Saturday mortgages and deeds were filed in favor of Morsman & Yost, Omaha stockholders, and since that date there has been a constant demand for deposits, and as the bank failed to get the cash as promised, it closed. It is presumed that the depositors will all be paid, as the stockholders, Morsman & Yost, with the collateral they hold, should pay the depositors.

Indiana Christian Endeavor.

Greensburg, Ind., Oct. 28.—The Christian Endeavor convention began with two sunrise prayer meetings and all of the churches were comfortably filled. Convention hall at 9 o'clock held fully 3,000 people and after a short song service Vice President Kapp introduced Mayor Corthern, who delivered an address of welcome.

TRADE GETS BETTER
WITH EACH MONTHLIVILIER BUSINESS CONDITION
REPORTED.

Dun & Co. Ascribe the Improvement to the Cooler Weather—Adjustment of Prices to Business Conditions is Progressing Rapidly—The Cotton and Iron Markets.

New York, Oct. 26.—R. G. Dun & Co.'s Weekly Review of Trade, says: "Ten days ago gold exports seemed near. But the break in cotton which then began ripened on Monday into a collapse sufficient to justify the hope of a free movement. Hides have also dropped sharply at Chicago. Leather is weaker, and the adjustment of prices to real instead of imaginary conditions progresses rapidly. Already lower prices in iron have brought out some important contracts. Money markets cause remarkably little trouble. Cooler weather has generally helped the retail trade, and with increased consumption by the millions the way will be clear for better business. Already payments through clearing-houses closely approach for October those of the best year in history, though reflecting in part past transactions, and new orders are still much needed by the great industries."

"Cotton exports improved but little, because foreign stocks are so large, and the lower prices give more confidence to mills, which feared to purchase and manufacture when decline was reasonably expected."

"Wheat has risen 3 cents for the week, although Western receipts, 7,977,066 bushels, for the week, against 5,059,787 last year, continue unusually large, and Atlantic exports, including flour, 1,176,117 bushels for the week, against 1,856,934 last year, and four weeks, 5,734,572 bushels, against 9,193,046 last year, show plainly a slack demand from abroad. Nobody can give a reason for higher corn, and pork declines 25 cents, lard 1-16 and hogs 10 cents per 100 pounds."

"Bessemer pig advanced, but finished products on the whole declined as much, other iron not rising. Rails to Oct. 1, 570,000 tons delivered and 708,000 tons sold, made a pitiful record. Whether tin plate works will take 300,000,000 pounds steel this year, as the latest official report indicates, will depend on prices, and sales of coke below the latest established price are noticed, with the largest production on record."

"Textile manufacturers have been for the moment disturbed rather than helped by the decline in cotton, because it checks buying of some fabrics with lower prices for print cloths and prospects of lower prices for other goods. The demand for worsteds and dress goods is encouraging, while in woolen goods the situation does not improve. Renewed orders are moderate, and men's goods are easy to buy at previous quotations."

"Failures this week are 231 in the United States, against 231 last year, and thirty-eight in Canada, against fifty-two last year."

BURIED IN THE RUINS.

Walls of a Bicycle Factory at Clyde, O., Collapse.

Clyde, Ohio, Oct. 26.—Half of the east wall of the Elmore manufacturing company's three-story bicycle factory collapsed yesterday at 2 o'clock. Floors were filled with workmen. Volunteers risked their lives to rescue the unfortunate. A young son of Foreman George Holloway was the first to be dug out. He is badly crushed and mangled but may recover. The following is a list of the injured:

James Becker, one of the proprietors; head badly bruised and hips injured. Charles Eberhardt, caught by falling walls right arm and shoulder bruised and cut.

Clarence Whaley, caught under machine; head badly bruised and cut. Ed King, dug out from under fallen walls; head cut and body badly bruised, will recover.

William Snyder, found in the trench; leg broken at the ankle.

Roy Lemmon, head cut and bruised about the body.

Archie Holloway, found in the trench; head badly cut and injured internally. Frank Cook, caught under the wall; badly bruised and suffered internal injuries; will probably die.

William Hudson, right leg caught under falling timbers and broken in two places.

Workmen had commenced to dig a trench along the east wall of the building for a water main, and it was this which weakened the wall and caused it to collapse. All the men who were in the trench at the time were caught under the falling wall and their escape from instant death is miraculous, as the wall fell outward. All three of the floors partially fell, throwing those who were on them to the ground. The portion of the wall which collapsed is about ninety feet in length and three stories high. The main offices were in this end of the building and consequently fewer workmen were there to be caught.

Issues Tags to the Workmen.

Joliet, Ill., Oct. 26.—The Illinois Steel Company began to issue tags to be worn by its 1,700 employees yesterday. The first department supplied was the yard, where 250 employees received the objectionable medals, but no murmuring was heard.

THREE BABES ROAST
IN A BLAZING HOUSEFATAL FOREST FIRE ON THE
ONEIDA RESERVATION.

John Skanadior Tried to Rescue His Little Ones But Could Not—Forest Fires Raging in Northern Wisconsin Entailing Great Loss—Arrest Banker Probert of Washburne.

Green Bay, Oct. 26.—[Special]—John Skanadior's three children were burned to death on Oneida reservation last night. The forest fires are now raging on all sides. Skanadior tried to rescue the children but was too late. Many dwellings have been burned and a number of people have narrowly escaped death.

Green Bay, Wis., Oct. 26.—The marsh and forest fires in the vicinity of Seymour and New London continue to spread with alarming rapidity. They are burning furiously on both sides of the Green Bay, Winona, and St. Paul track, from Oneida, for a distance of thirty miles west. Many stacks of hay and a number of barns in the neighborhood of Seymour have been burned. At New London the ties on the railroad are frequently set on fire and large forces of men are constantly employed in watching the bridges and culverts.

Berlin, Wis., Oct. 26.—An underground fire, which has been burning in a marsh four miles north of this city, broke out afresh yesterday and the flames were carried into the woods by the high wind which has prevailed. By hard work on the part of the farmers and help from the city fire was put under control. If high winds spring up again the fire will cause considerable damage, as several large farms are in its path. The damage already done is confined to marsh and timber. Messages have been received here from north and west of Berlin, calling for men, teams and plows, to come and help fight the forest fires, which are raging within two miles of the city.

Institution Was Insolvent.

Washburn, Wis., Oct. 26.—A warrant was issued yesterday for the arrest of A. C. Probert, president of the Bank of Washburn, charged with receiving money on deposit when he knew the bank to be insolvent. The warrant was issued on complaint of Town Treasurer P. J. Pederson, charging Probert with receiving on July 10 \$1,500 on deposit in the bank when he knew it to be insolvent. There is in the bank to the credit of the town \$21,489, and a few days ago Mr. Pederson made a formal demand for the amount, but was refused. Affairs are in a serious condition and the citizens are indignant over Mr. Probert's actions. An examination of the bank was made Oct. 23 by State Examiner E. L. Kidd, who, it is said, found its financial condition in a deplorable state. The resources are less than \$1,500, while the statement shows the bank owes over \$31,000.

Wisconsin's Tax Levy.

Madison, Wis., Oct. 26.—Secretary of State Casson yesterday completed the tax levy for the year 1895. The grand total of this levy is \$1,372,713.

Do Not Want Union.

Meriden, Conn., Oct. 26.—At the closing session of the Universalist convention yesterday the convention was enlarged to include the president, vice president and secretary of the state conventions and all ordained clergymen in fellowship, and also one delegate from each parish. The next convention will be held in Chicago in 1897. A resolution favoring union with the Unitarians was defeated and resolutions favoring true reform, national purity and suppression of the liquor traffic were passed.

Reformed Church Synod.

Ablene, Kan., Oct. 26.—The Reformed church synod of the interior yesterday discussed the publication of the Church Herald at St. Joseph, which shows a deficit for the first year. The synod recommends the enlargement of the paper, but a final decision was not reached. The Chicago mission deficit of \$200 was raised by pledges. President Stauffer's annual report showed several new churches built and over 6,000 communicants.

Exports of Wheat and Flour.

New York, Oct. 26.—Bradstreet's says: "Exports of wheat (flour included as wheat) from both coasts of the United States this week, plus shipments from Montreal, show an increase over the total last week of about 250,000 bushels, due to increased exports from the Pacific coast. The total this week is 2,658,000 bushels, in the week a year ago it was 3,353,000 bushels, two years ago 3,320,000 bushels and in the like week in 1892 it was 4,078,000 bushels."

Iowa Baptist State Convention.

Burlington, Iowa, Oct. 26.—At the Baptist state convention yesterday the time was devoted principally to hearing reports of Baptist societies, which were particularly interesting to the young people. The Baptist Young People's union met in the afternoon and listened to the president's address and the secretary's report. The principal address closing the convention was given by Rev. C. H. Strickland, of Sioux City, upon "The Christian Culture Course, or Culture of Service."

THREATEN A LYNCHING.

Illinois Farmers Indignant at the Law's Delay.

Pekin, Ill., Oct. 26.—Albert Wallace was to have been hanged here yesterday for the murder of his sister, Belle Bowlby, in Tazewell county last spring. The Supreme court granted him a supersedeas Tuesday on a technicality about the time of his sentence, and the execution was postponed. There was a great crowd in town all day, and more people are coming in as the result of the reports taken back to the country of the postponement of Wallace's punishment. In several districts of the county school was dismissed for the day. When it was learned that the execution would not take place and that the delay was based on a technicality the old talk of lynching was revived. Wallace murdered his sister and seriously wounded her husband and a farm hand because of some trouble over property. The point on which the supersedeas was granted was that the law required that the hanging be not more than twenty-five days after the sentence, while Judge Green inadvertently fixed upon a date twenty-seven days after the passing of the sentence.

SPAIN AND ENGLAND.

Secret Compact Said to Exist Between the Two Countries.

Minneapolis, Minn., Oct. 26.—The member of the Cuban junta now in the Northwest yesterday declared that there was a secret compact between Spain and England, which accounted for the seizures of filibustering expeditions in the Bahama islands, by which Spain is to turn over the Isle de Pines, at the southwestern end of Cuba, to England, in return for England's promise to prevent the fitting out of expeditions from her West India dependencies. The Isle de Pines would give England an immensely valuable naval station, commanding the only channel to the Nicaraguan canal, now controlled by England. He also asserts that Cuba will soon have a modern navy of five vessels, under command of Admiral de Mello, the Brazilian sailor. Two ships are to come from Brazil and one from Chili. He admits that an effort is soon to be made to float an issue of \$20,000,000 of Cuban bonds.

IN A RAILROAD WRECK.

Two Killed and Three Injured at Bowie Station, Md.

Baltimore, Md., Oct. 26.—A collision occurred yesterday on the Baltimore & Potomac railroad at Bowie station, midway between Baltimore and Washington, in which one person was killed, one fatally hurt, and three received serious injuries. The dead:

ELLIS, F. A., a drover of Fort Springs, W. Va.; instantly killed.

HEARN, ISAAC, a signal man who lived in Baltimore; was badly crushed and died a few hours later.

The injured:

Johnson, E. A., drover of Fort Springs, W. Va.; head burned and cut. McClelland, W. W., drover, Hughert, W. Va.; injured in the breast.

Skeggs, J. M., drover, Hughert, W. Va.; slightly injured in the head.

Serious Fire at Augusta, Ga.

Augusta, Ga., Oct. 26.—Fire last night destroyed the extensive lumber plant of Jesse Thompson & Co., on the outskirts of this city, together with about forty small frame dwelling houses in the immediate neighborhood. The lumber burned rapidly and a strong wind carried the blazing embers broadcast. At one time the whole territory was burning furiously; the local department was powerless, and the fire simply burned itself out. The loss will reach \$100,000, with insurance of about one-third. Nearly 200 people are homeless.

Will Not Aid Mrs. Maybrick.

Newark, N. J., Oct. 26.—New Jersey's State Federation of Women's Clubs refused at its closing session to take any action in the case of Mrs. Florence Maybrick, serving a life sentence for murder in an English prison. Rev. Mrs. Hanaford brought the subject up at the morning session, and suggested individual effort in furthering the plans for Mrs. Maybrick's release. This idea met with approval, but the federation would not adopt a petition to Queen Victoria as some of the members desired.

Train Crew Held Responsible.

Des Moines, Ia., Oct. 26.—The coroner's jury yesterday held Jesse A. Smyth, foreman, and J. S. Maioy and F. J. Gunter, composing the Rock Island switching crew at Valley Junction, responsible for the wreck which occurred Thursday night, and as the result of which Mrs. Mary Hillhouse of Burlington was killed. The crew left a switch open when it should have been closed. No action has been taken in pursuance of the coroner's verdict.

New Furnaces Opening Up.

Ishpeming, Mich., Oct. 26.—The Excelsior furnace will go into blast next week. The Cleveland Cliffs Iron company's new furnace at Gladstone, the largest charcoal-iron furnace in the world, will go into blast early next month. The charcoal-iron industry, which has been nearly dead for the last five years, is improving rapidly.

French Don't Want Foreign Cattle.

Paris, Oct. 26.—The minister of husbandry, M. Gadaud, received a deputation from the department of the north yesterday, which presented a petition to the government protesting against the importation of cattle into France from the Argentine Republic and Canada.

NEPTUNE IS AFTER
SPANISH CRUISERSTHE THIRD MAN OF WAR SINKS
OFF CUBA.

Caridad Goes Down But the Crew Escaped in the Small Boats—Narrow Escape for General Campos—Santa Clara Citizens Ordered to Give up Arms.

Havana, Oct. 26.—The Spanish gunboat Caridad has been sunk off Cardinas, province of Matanzas. The crew escaped in the boats. The gunboat will be floated as soon as the necessary assistance can be sent to her.

Captain General Martinez de Campos has arrived here from Cienfuegos. In his journey from Ciego de Avila to Santi Spiritus, escorted only by a detachment of 100 cavalymen, he was attacked by a band of insurgents, whom he routed after a sharp fight. During this engagement the captain general's cloak was pierced by eight bullets, and a bullet went through his saddle bag.

Send Cartridges to Cuba.

New York Oct. 26.—The representatives of the Spanish government in this country have discovered that the friends of the insurgents have sent large consignments of toys to Havana. These toys consist mostly of large and unusually heavy dolls. Their weight is accounted for by the detectives by the assertion that each doll contained a dozen rifle cartridges. The last consignment of dolls sent from this city to Cuba is reported to have contained 400 cartridges.

Citizens Must Give Up Arms.

Havana, Oct. 26.—The governor of the province of Santa Clara has ordered all the citizens within his jurisdiction to deliver up any arms which may be in their possession to the authorities, and officers of the volunteer corps have been detailed to search all houses. These officers have already discovered numbers of carbines and revolvers concealed on the premises.

EIGHT SHIPS READY.

United States Has a Naval Force in Chinese Waters.

Washington, Oct. 26.—The navy department is giving careful attention to the situation in Corea. The United States has no special interest in the complication beyond the protection of American interests and probably under no circumstances would do more than take precautions to this end by sending some of the ships now in Asiatic waters to the scene, in case official advice should confirm the reports of prospective trouble.

No orders have yet been issued looking to the dispatch of any portion of the Asiatic fleet to Korean waters. The United States has eight ships in Oriental waters, all of which could be sent to Corea if advisable. The presence of some of these at the principal Chinese ports has been considered necessary in view of the anti-missionary agitation, but the subsidence of excitement on this account again leaves the commander of the squadron free to use his fleet elsewhere if necessary.

Thinks a Short Campaign Is Wanted.

Indianapolis, Ind., Oct. 26.—S. P. Sheerin, secretary of the democratic national committee, said yesterday that he does not believe the committee will meet before the middle of January to fix the time and place of the national convention. He says a conference of the officers of the committee has not even been suggested. "There seems to be an impression among the republicans that there will be a long, hard-fought campaign," said Mr. Sheerin. "The leaders of that party seem to believe they ought to get into the campaign as early as possible. I believe the business world would like to see a short campaign."

St. Louis' Convention Bid.

St. Louis, Mo., Oct. 26.—The Business Men's League of St. Louis yesterday appointed a committee to canvass for a guarantee fund of \$80,000 to secure the republican national convention of 1896 for St. Louis. Assurances of support were read from several members of the national committee and the cooperation of some members of the national executive committee was also promised.

Grand Jury Finishes the Work.

Peoria, Ill., Oct. 26.—The Peoria county grand jury, which has been in session for three weeks, concluded its work yesterday by a visit to the county institutions. They will make their report today. It is expected that the number of indictments will break all records, but it is not believed that the boodle investigation will amount to much, except in the case of the small fry.

Sale of the Santa Fe Ordered.

St. Paul, Minn., Oct. 26.—In the United States Circuit court yesterday Judge Caldwell issued an order directing the sale of the Atchison, Topeka & Santa Fe railroad, to take place at Topeka, Kan., December 10.

Regular Cabinet Meeting.

Washington, Oct. 26.—The cabinet held its regular Friday meeting at the white house yesterday. The president and all the members of the cabinet except Secretary Smith were present.

RUM DEMON WITH CHALK MARKS

T. STEWART'S EFFECTIVE TEMPERANCE LECTURE.

Arrow Cycling Club Parties—Royal Neighbors Surprised—Doctors Hear a Lecture on Anti-toxine—The Sisters Fair at the Armory Now Open—Events of Last Night.

T. R. Stewart, the cartoonist, flayed the rum demon with a stick of chalk at the Court Street M. E. church last night, and he'll do it again tonight. His drawings were accompanied by a lecture which made the entertainment a complete one. He sketched the results of the liquor traffic as he talked, and portrayed the progress of a young man from the time he was tempted until he became the victim of a habit he could not conquer. The lecture was under the auspices of the W. C. T. U., and another one will be given this evening at the same place. The entertainment is a good one, and it is well worth a person's time to attend.

DATES FOR ARROW CLUB PARTIES

Committee Holds a Meeting at W. A. Jackson's Office Last Night.

The Arrow Cycling club dance committee met at President W. A. Jackson's office last night and chose three dates for club parties. The first will be given on Friday evening, November 8th, the second on Thanksgiving night, and the third, will be on Christmas night.

Committees were appointed as follows:

Arrangement—W. A. Jackson, E. O. Smith, A. J. Harris, Geo. D. Simpson and W. E. Evenson.

Reception—Mr. and Mrs. John Cunningham, Mr. and Mrs. O. Sutherland, Mr. and Mrs. B. F. Nowlan, Mr. and Mrs. O. H. Brand, Mr. and Mrs. F. S. Sheldon, Mr. and Mrs. J. D. Holmes, Mr. and Mrs. E. J. Smith, Mr. and Mrs. W. P. Sayles, Dr. and Mrs. Charles T. Peirce, Mr. and Mrs. Richard Valentine, Messrs. W. E. Evenson, E. P. Hayward, W. A. Jackson, J. J. Cunningham, R. J. Hart, H. A. Ford, Frank Jackman, J. C. Wilmarth.

Floor—J. G. De Long, Mark Bostwick, Will W. Watt, E. V. Whiton, Jr., George King and A. J. Harris.

THEY SURPRISED THE NEIGHBORS.

Modern Woodmen Get Even For The Event Some Days Ago.

Some time ago the Modern Woodmen were surprised by the Royal Neighbors, and last night they returned the compliment. The Neighbors were in session at the Woodmen's hall last night, and the room being warm, the door was open. Thus there was nothing to balk the plans of the attacking party, and they soon had control. Supper was served and dancing to the music of Dutton's orchestra followed. The affair was a very pleasant one and a genuine surprise for the ladies.

LECTURED ON ANTI-TOXINE

Dr. D. Millar of Philadelphia, Speaks of the New Remedy

Dr. D. Millar of Philadelphia, lectured on the subject of anti-toxine at the Business Men's association rooms last night, and told all about the new remedy. Results of the use of the medicine at New York, Chicago and other cities were sketched and at the conclusion the local physician gave him a vote of thanks. Dr. Miller represents the A. K. Mulford company of Philadelphia, the first firm to manufacture the new remedy.

SISTERS' FAIR BEGAN LAST NIGHT.

The Annual Exhibition and Sale Is Now Well Under Way.

The annual fair of St. Joseph's convent opened at the armory last night and will continue for several days. A great variety of articles are displayed and the attendance was very good for the opening night. Smith's orchestra was present and rendered some of their choice music during the evening. Everything will be arranged tonight and the attendance will be very large from this on.

SOME MINOR SOCIAL NOTES.

Mr. and Mrs. T. S. Nolan entertained Hizzoria's Whist club, in a very pleasant manner last evening, the prizes being awarded to Mr. S. A. Chase and P. L. Hinrich.

The "Sunshine Club" will give an entertainment in the State School for the Blind tonight, and the public generally is invited to attend.

Another chalk talk lecture will be given at the Court Street M. E. church tonight.

Plans have been completed for the Caledonian Society's Halloween social.

Awarded Highest Honors—World's Fair, DR.

PRICE'S CREAM BAKING POWDER
MOST PERFECT MADE.

A pure Grape Cream of Tartar Powder. Fits all climates, Altitude or any other adulteration. 40 YEARS THE STANDARD.

TO OPEN THE Y. M. C. A. BUILDING

Next Week Will be a "Y. M. C. A." Week Seven Days Long.

The directors of the Y. M. C. A. and the Ladies' Auxiliary met in joint session at the office of President Loomis last night and perfected plans for a campaign which it is thought will result in the opening of the handsome new building of the association. Next week will be a "Y. M. C. A. week" and an effort will be made to raise the funds necessary to open the doors. From reports made by prominent business men at last night's meeting it is thought that with their helping hand the missing \$1,200 will be quickly raised. Announcements will be made from day to day of the progress of the work.

PROF. LAYTON'S WORK IN THE EAST

He Is Assisted in One of His Concerts By Sonnekab and Townsend Fellows

Prof. E. E. Layton is meeting with success down east. "Talent," a monthly musical journal, says: "Prof. Layton gave one of his great musical lectures assisted by some superior artists, Franklin Sonnekab, pianist, and Townsend Fellows, baritone, at St. Luke's church, Long Branch, N. J., Wednesday evening, September 25." Other papers speak very kindly of the entertainment.

Wonderful Sale.

Our \$10,000 clothing sale is proving a wonder in every way. As the days pass by more people come to the Annex to secure clothing bargains. When a man can buy a good suit of clothing for \$6.00 and an overcoat for \$11.00 or \$14.00 you can well say that bargains are honest. Every one of the garments are of Clement Bane & Co's make and are of the high class, not a shoddy or shewy worn thing in the lot. If you are wise you will stock up for some time to come. Shoes are still going we are saving hundreds of people money on foot wear. Lowell's Annex.

Elegant Goods.

Adler Bros. have never spread themselves on fine suits as they have this year. They make a specialty of material, style and workmanship on their tailor made suits, such as no other ready to wear garment house will do. The result is when we put one of their coats on a man he will say, "I never knew that ready made suits were made so good. They beat rocky made to measure goods all to pieces." F. H. Baack.

Most Reliable Bargains.

In that Clement Bane & Co. \$10,000 stock of clothing there are more real honest bargains than people ever saw in the city before. In our large advertisement of this evening we make a few prices that are stunners. A man can buy a \$10.00 overcoat for \$3.95, a \$20.00 for \$11.00, a \$25.00 Irish freize coat for \$14.00, a \$12.00 ulster for \$5.75 and suits at proportionally low prices. Lowell's Annex.

No Shoe Like It

Never before in the history of shoes have the people of this city seen a shoe with the value in it our \$2.50 special dongola embodies. The sales and calls for this special shoe increase daily and we prophesy within a year it will be worn by ladies universally. It will be looked upon as the standard shoe. Remember it cannot be duplicated. Our own design. A. Richardson Shoe Co.

NEW MILL RUNNING AT SPRING BROOK

R. N. SPICER THE PROPRIETOR OF A NEW ENTERPRISE.

He Has Modern Machinery and Uses Steam Power—Steam Roller Can Have Quarters in the Street Car Barn—Wrestling Match—Luddington Gets a Patent—Other News.

SPRING Brook has another new industry known as the Spring Brook Milling Company. For some time past, R. N. Spicer, the well known machinist, had the question of starting the mill under consideration and decided to go ahead. Carpenters were accordingly put to work and now a first-class mill, with modern machinery and a twelve-horse-power engine is ready for business on Eastern avenue. A number of farmers who reside in La Prairie have promised him their support, and the mill was started up yesterday for the first time with a promising outlook.

B. LUDINGTON is about the happiest man in the Spring Brook addition on account of patents which he received from Washington on his new pumps. An experiment has been made with one of the pumps at Spring Brook, and it works satisfactorily in every respect. Its said that Evansville parties are interested in it and in the spring an effort will be made to put it on the market.

It is said upon good authority that a piece of ground has been staked off upon one of the islands near Spring Brook and that a wrestling match has been arranged between a local third ward young man and a farmer who claims to live in La Prairie. At present those who are "in the ring" are on the spot watching for developments.

SUPERINTENDENT PROUDFOOT has kindly offered the city the use of the street car barn at the corner of Eastern avenue and the Beloit road for the storage of the steam roller. D. D. Bennett has taken measurements of the same and finds that the roller will just go in the door.

C. E. SINNAMON who resides on Grace Place has gone into the mason business and now has the contract for a new residence that is being erected by J. H. Burns on Prospect avenue.

SPRING Brook residents believe they donated about sixty chickens to that mysterious wagon which the notorious Rice Brothers campaigned through this part of the country.

SAMUELS & Kuehn, the Spring Brook grocers, report a big business this fall. A delivery wagon will be added and a new telephone put in the store soon.

THE Millmore quarry has enjoyed an extra large amount of business and Manager C. K. Millmore predicts that the coming summer will break all records.

THE tannery, erected near the north approach to the Jackson street bridge by William Hilt, is about completed, and plenty of work is already on hand.

FRANK SAMUELS who resides at the corner of McKey Boulevard and Eastern avenue has entered the employe C. E. Sinnamon the mason contractor.

DUCK hunters have been numerous in the marshes for the past few days, and an effort will be made to stop the shooting as it endangers human life.

THE Hall Furniture Company have been making repairs on their dry kiln for the past three days. Just when the factory will start up is not known.

FRED JOHNSON, who resides at the corner of Jerome and Robbins place, has accepted a position upon the Shumway farm in Lima Center.

J. C. SCHULER, who resides on McKey boulevard, has accepted a position with a Milwaukee firm, and is now located in the Cream City.

WILLIAM HILT, who resides near the Jackson street bridge, expects to spend the winter in the south for his health.

C. A. SIMMONS' horse took fright while on Eastern avenue and ran away, but the damage was slight.

CARPENTERS are now at work on a new barn which is being erected on the former Spohn homestead.

THE Dry Extract Company have started up and are now doing a good business.

J. C. SCHULER's residence on McKey boulevard is at present being painted.

LEAF BUYERS SHUN
THE NEW CROPWANT TO GET OLD GOODS OUT
OF THE WAY.

Then They Will be Ready to Talk
About the New Weed—Money is
Being Gotten Out of '95 Deals—
Retail Trade Better—Leaf Talk of
"The Leaf"

QUITE a number of crops of '95 have
been picked up in Vernon county by
C. L. Caulton, George Underhill, Suter
Bros. and Fred Beckart at prices
ranging from 6 to 10½ cents in the
bundle, but we understand that buy-
ing has ceased in that section, the
best crops having been bought up.

AMONG the transactions reported
are: S. B. Heddles sold 295 cs '93 and
'94; 75 cs '93 and '94 sold by Jarvis
Bemis to L. B. Carle, for 5c in the
scale; 23 cases sold Samuel Grundy;
100 by F. S. Baines and about 50
cases sold by J. H. Haviland & Son.

LOCAL dealers are not disposed to
pick up the '95 crop as yet, they be-
lieving that they can get their money
out of the old goods first. There is a
slightly improved feeling in local cir-
cles, which we hope will continue.

RECENT samples drawn from the '94
crop has made many friends for that
year's product, it showing some very
pretty binders, being considered in
many instances superior to the '93,
the latter not having dried off as has
the '94.

THE money that has been tied up
in '92 is now ready for investment in
other tobacco and local dealers are
looking for any bargains that are
lying about the country
the only question being, as to what
is really a bargain.

THE '92 crop being out of the way,
local dealers are turning their atten-
tion to the '93 and '94 crops, the
latter having the preference as it
shows a greater per cent of serviceable
leaf.

THE retail trade is slightly better
with some of our dealers. Among
those riding are S. B. Heddles, L. B.
Carle, F. S. Baines, M. F. Greene, G.
H. Rumrill, J. M. Thayer and S.
Soverhill.

M. F. GREENE received a nearly
fatal shock the other day, when he
got an order for samples, with a dol-
lar bill enclosed.

OUR market is beginning to take a
little more life and with a few pack-
ers the past week has been a busy
one.

J. M. THAYER shipped 25 cases '94
to St. Louis Tuesday.

J. L. & F. F. GREENE sampled 200
cases '93 this week.

SOME interest is taken in good fillers
of any season.

S. B. HEDDLES sampled 81 cases '94
this week.

SAY, why don't you try Dewitt's
Little Early Balm? These little pills
cure headache, indigestion and con-
stipation. They're small but do the
work. C. D. Setvens

Reduced Rates to Atlanta.

On account of the Cotton States and
International Exposition at Atlanta,
Ga., the Northwestern line is now
selling excursion tickets at reduced
rates. For tickets and full informa-
tion apply to agents, Chicago & North-
western R'y.

Take Care! There's Danger

In allowing inactivity of the kidneys to grow
through neglect. The deadly shoals of Bright's
disease and diabetes will wreck the goodly boat of
health if it is allowed to drift rudderless upon them.
The bladder, too, if inactive, and judicious
medication does not speedily direct the
harm toward the port of safety, will be
wholly by the quicksand of disease.
In selecting a diuretic, let your choice
fall upon Hostetter's Stomach Bitters,
which stimulates the renal organs without irritat-
ing and exciting them. Two effects to be ap-
preciated from the unmedicated stimulant im-
mediately resorted to. These have a tendency to react
prejudicially. The Bitters invigorate the kid-
neys and bladder, in common with the nerves
and digestive organs, and so afford lasting aid.
It also affords assistance in preventing and
curing intermittent and remittent fever, Bil-
iousness, constipation and rheumatism it also
subjugates.

Cotton States and International Ex-
position at Atlanta, Ga.

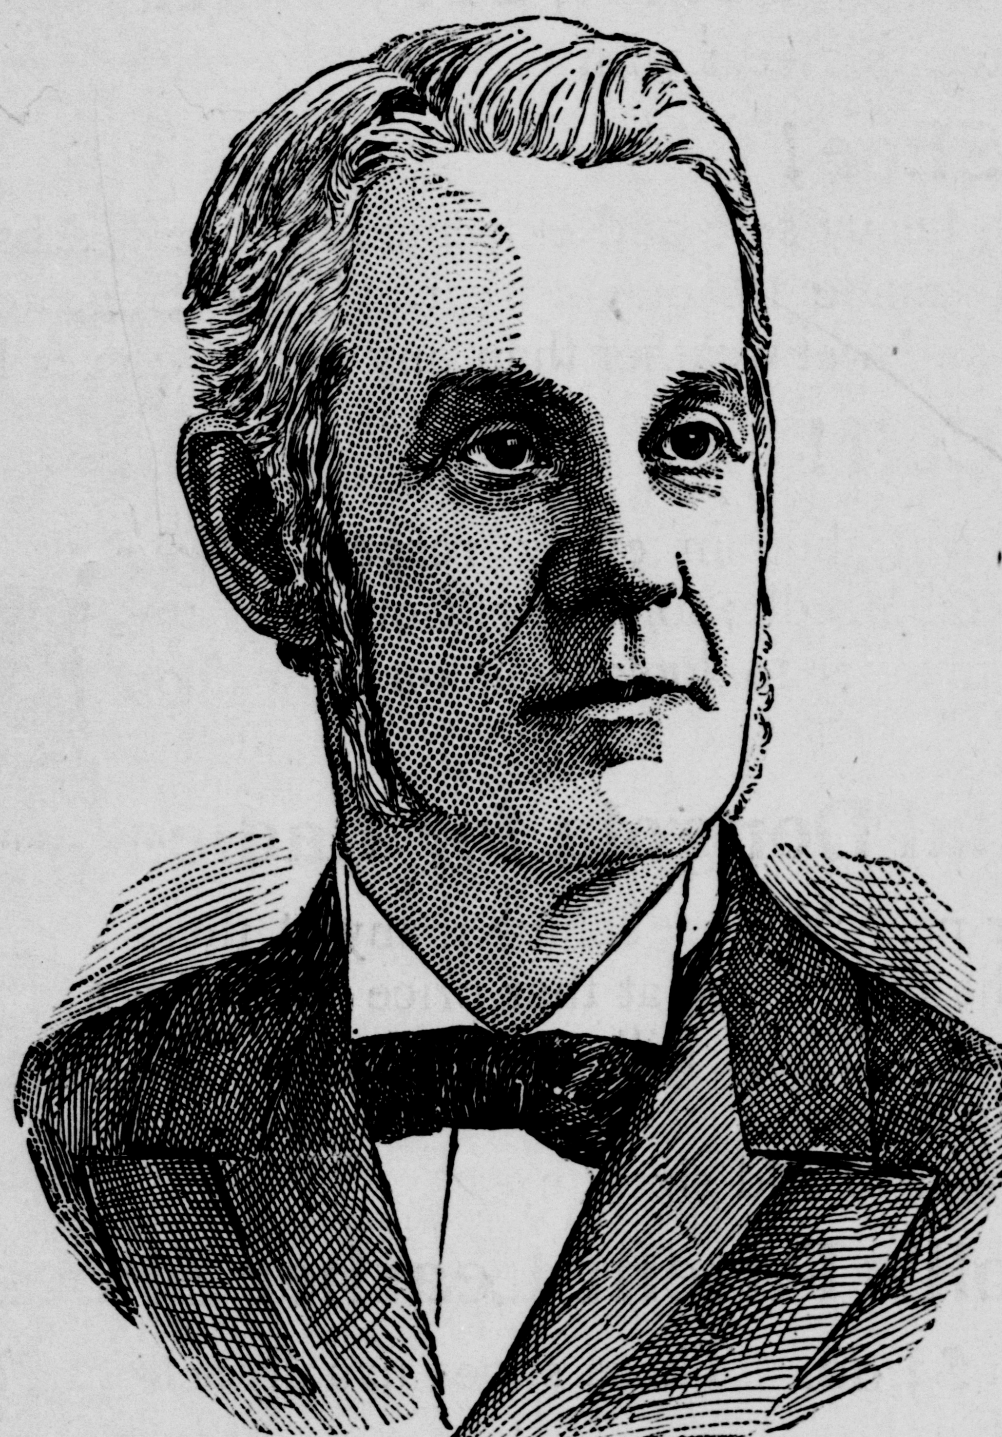

For the above event the Chicago,
Milwaukee & St. Paul Railway will
sell excursion tickets from Sept 15 to
Dec. 31, 1895, good for return until
and including Jan. 7, 1896. The rate
of round trip will be 75 per cent. of
double lowest first class fare.

Five Generations Under One Roof.

Five generations of women are living
under one roof at the corner of Juniper
and Mifflin streets in Philadelphia, the
youngest being a baby of a few weeks.
Mrs. Katherine Tremaine, the great-
great-grandmother, is within a few
years of the ripe old age of 100. The
great-grandmother, Mrs. Fuller, is over
70, and Mrs. Birmingham is past the
half century mark, although she looks
but little more than half that age. Her
daughter is Mrs. Frank Gray, the proud
mother of the new generation.

If the Baby is Cutting Teeth
Be sure and use that old and well-tried remedy
Mrs. Winklow's Soothing Syrup for chil-
dren. It soothes the child, cures the gum
disease, all pain, cures wind colic, and is the best
remedy for diarrhea. Twenty-five cents a bot-
tle.

LAWYER AND STATESMAN.

Hon. Saml Page Tells You to Use Dr.
Greene's Nervua to Cure.New Hampshire's Best Known Ora-
tor and Statesman Says Dr.
Greene's Nervua Will Make You
Well and Strong.

HON. SAMUEL B. PAGE.

For ten years Hon. Samuel B. Page
of Haverhill, N. H., has been a mem-
ber and leader in the New Hampshire
legislature, and for twenty-five years
has been that state's ablest lawyer
and foremost citizen being recognized
throughout New England as a most
brilliant orator and statesman.

Everybody knows Mr. Page and
when he tells the people everywhere
to take Dr. Greene's Nervua blood
and nerve remedy to regain their
health and strength, when he tells the
weak, tired and nervous that this
wonderful medicine will make them
strong and well, all know that he
means just what he says—that they
will be cured if they follow his advice
and take this remedy.

"I have used Dr. Greene's Nervua
blood and nerve remedy," says Mr.
Page, "and take pleasure in recom-
mending its use to all sufferers from
any derangement or disturbance of
the nervous system. It is peculiarly
valuable as a nerve tonic and I can
recommend it to all as an excellent
tonic for the system."

Other prominent and well known
people endorse and recommend Dr.
Greene's Nervua blood and nerve
remedy as the greatest best and
surest cure ever discovered. Such
famous and distinguished

men as Hon. John F. Dever,
Boston's most popular alder-
man, Hon. Charles J. Noyes of Boston,
ex-speaker of the Massachusetts house
of representatives; Hon. T. S. McGin-
nis, of Jericho, Vt., the people's can-
didate for governor of Vermont, chair-
man of Selectman Dorman Bridgman,
of Hardwick, Vt., Alderman Charles
S. Crouch, of Northampton, Mass., and
thousands upon thousands of others in
public and private life have been cured
by this grand medicine and earnestly
and heartily recommend all to use it
and be cured.

Heed their advice. Use Dr. Greene's
Nervua blood and nerve remedy and
get well.

It is not a patent medicine, but the
prescription of the most successful
living specialist in curing nervous and
chronic diseases, Dr. Greene, of 35
West 14th street, New York City.
He has the largest practice in the
world, and the grand medical dis-
covery is the result of his vast experi-
ence. The great reputation of Dr.
Greene is a guarantee that this medi-
cine will cure and the fact that he can
be consulted by any one at any time,
free of charge, personally or by letter,
gives absolute assurance of the ben-
eficial action of this wonderful medi-
cine.

The News of the Grove.

Emerald Grove, Oct. 25.—Mrs. L.
J. Hammond of Chicago is visiting her
relatives at this place. Mrs. Pratt of
Waukegan, Wis., visited Tuesday and
Wednesday with Mr. and Mrs. W. F.
Goodrich. Gillies & Jones are filling
their store with a good assortment of
fall and winter goods, the prices on
which are equal to the times. Call
and see them. Rev. and Mrs. Adams
are here visiting Mrs. Adams parents
Mr. and Mrs. Duncan McArthur.
Rev. Oadams occupied the pulpit here
last Sunday morning. J. A.
Jones has moved into Mr. Helle's
house in the village. Wallace Lamb
has purchased a few pure bred Dorset-
Horned sheep that are beauties.
The Jennie Lind quartette furnished
the first number in the Emerald Grove
entertainment course. The whole
program was very well rendered and
quite enthusiastically received. "Mam-
ma's Little Baby Boy" by the quartet,
and "The Message" by the elocution-
ist, Miss Wilson, were numbers of
special delight. From the reception
of the whole program all seemed to be
well pleased. The house was filled.

ders, a daughter, on October 17.
Frank Urban has moved onto his farm
recently purchased from H. L. Inman.

A Terrible Possibility.

The question of the expediency of
disbanding the militia company was
being agitated one town-meeting day
in a certain hamlet not a thousand
miles from Boston. The tavern-keeper,
a most pompous individual, who had
courtously preserved silence during
several noisy harangues, threw a final
terrible bomb into the camp of the
iconoclasts by the solemn interroga-
tory, delivered in his most impressive
manner:

"Gentlemen, let me ask you this:
What could we do without militia in
case of a resurrection?"

DARKENED BY DEATH'S PALL.

The subject of the following notice
from the New York World was for
many years a resident near this vil-
lage: "Mary E. Gelling, widow of
William Gelling, of Harmony, Rock
county, Wis., died October 20, in the
71st year of her age. Relatives and
friends are respectfully invited to at-
tend the funeral from her late resi-
dence, 664 Eagle avenue, Tuesday the
22 inst., at 7:30 a. m., sharp, thence
to Paulist church, 59th street and
9th avenue, where solemn requiem
mass will be said for the repose of her
soul, at 9 o'clock. Interment at
Greenwood. Douglas, Isle of Man
and Janesville, Wis., papers please
copy."

THIS DAY IN HISTORY

1722—Sir Godfrey Kneller, who painted the portraits of all the monarchs and noted habits of the court from Charles II to George I, died; born 1648. Kneller was a German by birth and studied under Rembrandt. He afterward went to London, then to England. Subsequently court painter to five monarchs he became a baronet, and also knight of the Roman empire by the favor of the Emperor Leopold.

1793—George James Danton, the famous French revolutionist, was born at Arcis-sur-Aube; guillotined at Paris April 5, 1794.

1833—Adelaide Phillips, celebrated singer, born at Stratford-upon-Avon; died 1882.

1871—Major General Robert Anderson, hero of Fort Sumter, died at Nice, Italy; born 1805.

1875—Fire destroyed property to the amount of \$4,000,000 at Virginia City, Nev.

MCKINLEY AND 1892.

Wisconsin is warned by outside papers, notably the St. Louis Globe Democrat that McKinley is a dangerous leader. The Globe-Democrat thinks McKinleyism and not the school question gave democracy the state in 1892 and says a local issue would not have figured so strongly two years after its force culminated.

"The same influence which gave Wisconsin and Illinois to the democrats in 1892 and which, with a transfer of 600 votes, would have put Ohio on the democratic side" it is declared, "operated all over the country, as the election figures from the different states show. Local issues did not determine the result. Outside of two or three states there were no local issues of any consequence, and in these they had very little effect in that year. The cause of the defeat, whatever it was, was general. What was it? Unquestionable it was the McKinley act. McKinley himself, it is probable, will concede this. Of course the McKinley law was not as bad as the democrats charged, but there was no necessity for its being bad at all. There was no urgent demand for a sweeping change in duties in 1890, but if the change was made, reason dictated that it be made downward instead of upward. The men responsible for the law sinned against the light, and the party to which they belonged is not in any doubt as to what overthrew it in 1892."

THAT ALLIANCE.

What nonsense it is, this democratic "indictment" of the republican party for its "alliance" with the Mormon church! The Mormon church is very different from what it was, but people have not forgotten that nearly forty years ago the republicans began their assault on the "twin relics of barbarism, polygamy and slavery." They killed one of the twins in 1861-65, and they slew the other about twenty years later. All the favors that the Mormon church as a political machine has ever had came from the democratic party, as the debate on the anti-polygamy law showed. This 1895 alliance story is a very clumsy fabrication.

IT WILL MAKE A SPLIT.

Cleveland won't help the cause of sound money much by forcing the greenback retirement issue to the front in the coming session of congress. This is a question on which sound money men are divided. There will probably be no danger from the silver issue in the next few years, but if the honest currency champions should get into a wrangle among themselves the silverite cause might gain strength. The greenback question is not a burning issue at present.

Wasn't General Camus to show some Cuban insurgents how to walk Spanish about this time? He can't go home to his fall plowing, certainly, until he gets his crop of rebels threshed and put away.

Didn't somebody say that we were soon to get Japan's entire trade? We note that an order for eight hundred miles of submarine cable to be used between Japan and Formosa, has been placed in England.

"National debt-makers" is another apt name which has been applied to the Cleveland administration. It will become a national football when the people get a direct chance at it, next year.

Poor McCreary! The small chance he had of getting to the senate from Kentucky has been destroyed by Breckenridge, who has come out in his favor. Has Joe Blackburn been guilty of bribery?

Speak in the above law practice, Senator Hill would better be trying

to build up one. He will retire to private life March 3, 1897, along with Mr. Cleveland and his aggregation of counterfeit statesman.

Everything is so quiet in Washington that European nations are said to be arranging to combine against the Monroe doctrine and help themselves to slices of South America.

We trust that everybody who has been betrayed by scheming politicians will not feel called upon to write a book about it. The book market is already overcrowded.

Some of the men who claim to be working for fusion in New York, are really working for confusion, in the interest of themselves.

The star-eyed goddess might well blush for shame and hide her eyes when Breckenridge jumped into Kentucky politics again.

If advertising will sell a book Senator Sherman's "Recollections" will be a heavy seller and a big money-maker.

The county needs rain almost as bad as it needs statesmanship. But it will get the former first.

AFTER WESTERN RAILROADS.

Inter-State Commerce Commission to Begin Investigations.

Chicago, Oct. 26.—All the prominent Western roads were notified yesterday by the secretary of the interstate commerce commission that action had been brought against them for alleged violation of the fourth section of the agreement in the interstate commerce law, or, in other words, for ignoring the long and short haul clause on traffic to Colorado and also to Missouri river points. The various roads served with the notice were directed to file an answer within fourteen days.

The receivers of the Atchison, Topeka & Santa Fe and the Union Pacific railroads and the managers of the Chicago, Rock Island & Pacific, Chicago & Northwestern, Wabash, Missouri Pacific, Chicago & Alton, Chicago, Milwaukee & St. Paul, and, in fact, nearly every other road doing business between Chicago and Colorado points, are among those against whom action was brought.

Gloomy Outlook for Winter Wheat.

Omaha, Neb., Oct. 26.—Grain elevator men operating on railroad lines covering the greater portion of the state say the outlook for winter wheat is gloomy indeed. The season has for a month been so dry that farmers cannot plow in many localities. In the northern counties comparatively little winter wheat will be grown, as it would be a waste of the seed to sow it under the conditions of the soil. In the southern portion, where heretofore winter wheat has flourished, the lack of moisture is very discouraging to planters. The agricultural department estimated the corn yield this year at 147,000,000 bushels. Omaha elevator men say it will be less than 100,000,000 bushels.

Indiana Royal Arch Masons.

Indianapolis, Ind., Oct. 25.—The Royal Arch Masons of the state completed the work of their annual convention by electing officers. Henry W. Mordhurst of Fort Wayne was elected grand high priest. The various branches of the order have had a history of masonry in Indiana written. The first Mason in the state lived at Vincennes.

Will Meet at Springfield, Ill.

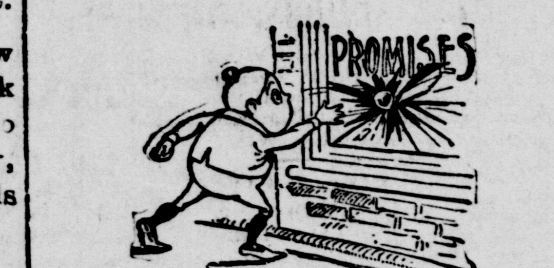

Dallas, Tex., Oct. 25.—The Christian church convention yesterday adopted the recommendation of the general board changing the name of the organization from the General Christian Missionary convention to the American Christian Missionary society. The next convention will be held at Springfield, Ill. H. J. Hardin, Eureka, Ill., was elected president.

Raise Miners' Wages.

Duluth, Minn., Oct. 26.—A raise of wages of 10 per cent has been made at the Chandler and Pioneer mines at Ely, and a raise of a like amount at all the Soudan mines on the Vermillion range. At Tower, on the same range, the Minnesota cannot get men enough to do its work.

WATER AT MONTEREY IS WORTH \$8644

CAPT. EDWARD RUGER'S VALUATION OF THE POWER.

Cotton Mills Own a \$59,122 Slice, the Woolen Mills \$18,321 Worth and the Duty Interest Amounts to \$7000—Water is Apportioned in Seven Lots.

Captain Edward Ruger's valuation of the Monterey water power was \$86,444. On this sum the assessment for recent improvements were based. The power is divided in this proportion:

Janesville Cotton Mills.....\$59,122
Janesville Woolen Mills.....18,321
H. A. Doty Light & Power Co.....7,000
C. & N. W. Ry. Co.....2,000

Total valuation of 9,574 inches.....\$86,444

The apportionment of water among the various owners by Captain Ruger's report is as follows, there being seven lots of water with priority as indicated in the following table:

Janesville Woolen Mills.....775
Janesville Cotton Mills.....725
Janesville Woolen Mills.....200
H. A. Doty Light and Power Co.....400
Janesville Woolen Mills.....425
Janesville Cotton Mills.....450
C. & N. W. Ry. Co.....200
Janesville Cotton Mills.....450
H. A. Doty Light and Power Company.....200
Janesville Woolen Mills.....600
H. A. Doty, Light and Power Company.....200
Janesville Cotton Mills.....895

The cotton mills gets all the residue after 9574 inches have been drawn.

As said before the water used by each concern on the race is regulated by a gate at the mouth of the his flume. A power superintendent has control of these gates all along the race, sees what head the water is being drawn at and hence how high the gate is raised. An assistant is to have charge at night if circumstances require. Captain Ruger's estimate was that the gates, floats, etc. would cost the cotton mills \$914, the woolen mills \$486 and the Doty Power and Light company \$201. An expense of \$400 for superintendent of measurements was also estimated.

Some of the power owners suggested that instead of measuring gates being built the flow of water through the different wheels could be calculated. This was objected to by the commissioner as being unreliable and as affording other mills no chance to verify measurements. The float gauges at each gate are now in plain view, enclosed in glass boxes and can be seen by any one who desires.

W. yesterday afternoon, and divided up the proceeds, every man, woman and child in this good town, would be richer today by nearly \$300 each. Japanese silk was the freight. \$4,000,000 was the estimated value thereof.

The train consisted of ten cars, all of them belonging to the Northern Pacific road. Eight of them were baggage cars and two freight cars, all of them being carefully sealed and locked. It arrived in Janesville at 3:15 from Baraboo, in charge of Conductor F. Lester of that city. It only stopped here half an hour, and pulled out at 3:45 o'clock, in charge of Conductor P. Wells of Chicago. Hot boxes hindered them considerably, and were responsible for a delay of an hour and a half between Janesville and Elroy.

Made Fast Time.

Forty miles an hour was the schedule on which the train ran, and they had orders to maintain that speed. They had the right of way, and were given preference over even the passenger trains.

In each car was packed away some twenty tons of silk. The goods came from Japan and were brought by water to the Pacific coast. There the Northern Pacific road took the \$4,000,000 consignment to rush it across the country to New York City, from which point it will be distributed all over the country. The officials say that the train was the most valuable one of the size that ever went through this city. Baggage cars were used to carry it, because they afforded more security than the common box cars, as well as better protection from the weather and cleaner quarters. The train was due in Chicago at 6:15 last night.

SALOON KEEPERS UNDER ARREST

Fritz Saloff and Herman Zander Charged With Violating the Law.

Chief Acheson arrested Fritz Saloff and Herman Zander this afternoon, on a charge of selling liquor to minors. It was alleged that Henry Drafiel, who died as the result of falling while drunk, and Fred Wright, his companion, bought their liquor in the saloon owned by Saloff and Zander on the Corn Exchange.

Zander was discharged but Judge Phelps assessed a penalty of \$30 and costs against Saloff.

ENNIS IS BAGGED

BY THE SHERIFF

FORMER ORFORDVILLE MAN IS NOW IN JAIL.

He Had Trouble With the Superior Chief of Police and Sheriff Appleby Located Him Through Newspaper Accounts—Wanted on an Old Liquor Charge Indictment.

When John F. Ennis, formerly of Orfordville, went into Chief of Police Lutton's office at Superior and told the chief where "he could find some gambling" the chief tossed him out of the office.

And the newspapers, they printed it. And Sheriff Appleby, he read the newspapers.

Now Ennis is in the county jail at Janesville.

Ennis was indicted by the last Rock county grand jury for selling liquor without a license at Orfordville. He got wind of the fact and left for parts unknown. In the meantime the officers had been keeping up a quiet search, and when Sheriff Appleby read of the famous troubles at Superior in the papers and saw the name of John Ennis mentioned, he decided to investigate. Finding that the Ennis referred to was the Orfordville man, he left for that city at 1 o'clock a. m. Thursday. He found Ennis running a saloon, and when he arrested him Ennis nearly fainted. He was brought back to Janesville last night and will answer before Judge Bennett under the indictment.

The trouble Ennis had with Chief Lutton at Superior, resulted in the chief's being arrested and fined \$10 and costs for assault and battery.

Ennis was to be taken before Judge Bennett this afternoon to make bail arrangements.

The Cause of It.
Miss Townsend—Do you find much difficulty in keeping help here?
Mrs. Suburb—Indeed, yes. It is next to impossible to keep a girl more than a week.
Miss Townsend—Why is that—too far from the city?
Mrs. Suburb—Oh, no, I think not; but you see we have only one policeman in the town, and he is married.—Judge.

The New Woman.
This latest product of the age. From all we see and read, she seems to be, though all the rage, a tomboy run to seed.
—Truth.

CUPID'S RELATIVE.

May—When Jack likened Belle to Venus do you suppose he intended to reflect on her morals?
Jack—Oh, no; he simply meant that she was old enough to be the mother of love.—Bay City Chat.

A Sad Alternative.
Mrs. A.—Have you heard the news?
Mrs. B.—No; what is it?
“You know young Goldbug was engaged to Birdie McGinnis. Well, he has jilted her.”
“He has? Outrageous! I feel so sorry for the poor thing. Now she will either have to commit suicide or look around for another fellow.”—Texas Siftings.

Did Its Duty.
Customer—See here! This clock you sold me won't run more than eight hours or so.
Dealer—You said you wanted a clock that struck.
Customer—So I do.
Dealer—Well, that's the result of its striking. Eight hours is its limit.—Bay City Chat.

A Safe Position.
Wiggs—Would you have the courage to attend the duel?
Biggs—Not unless I were one of the principals.
Wiggs—Why not a spectator?
Biggs—I notice that the principals are the only ones who are absolutely safe on those occasions.—N. Y. World.

Undismayed.
Cholly—Thought you were going to marry Miss Kostique?
Gussie—Going to ask her to-night. My chances are about even.
“How so, dear boy?”
“She must say either ‘yes’ or ‘no.’”—Philadelphia Record.

A Full Supply.
Client—I can get half a dozen more witnesses to swear to that.
Lawyer—Well, I guess I'll have my hands full keeping those we have from getting their stories mixed up.—Luck.

A Lost Opportunity.
“You didn't care to kiss her! And why not?”
“Well, you see, she's an heiress, and I was afraid that if I pursed my lips she would suspect that I was thinking about her money.”—Boston Transcript.

Opposed to Public Policy.
“It's no use holdin' me to the grand jury,” said the habitual criminal.
“Why not?” asked the justice.
“Cause I've been sent up twice before, an' public sentiment is agin a third term.”—Chicago Evening Post.

Reassuring.
Mrs. Peck—I have a presentiment that if I go to sleep I shan't wake up again.
Henry Peck—Oh! go to sleep.—N. Y. World.

Thoroughly Exhausted.
Mack—Did you take much exercise while you were at Sea Beach?
Wyld—Yes, I was the only man.—Puck.

But One Thing Lacking.
She shuts her eyes whenever we kiss. This maid so sweet and good; And from my inmost soul I wish Her mother also would.
—Spare Moments.

Experienced.
Mrs. Jackson Park (at a Chicago wedding)—The bride has been married before, hasn't she?
Mrs. Gunnison Dearborn—Oh, yes. This is her fifth inning.—Judge.

Very Likely.
Wife—The baby has a troubled look. I wonder what he's thinking about?
Husband—He's probably wishing we lived in Greenland, my dear, where the nights are six months long.—Life.

More Early History.

A DOCTOR AND A DISEASE.

The Flain Truth, by a Well Known Physician, About the Kidneys and the Blood.

How to Cure Blood Diseases by Curing the Kidneys. The Action on the Blood of Asparagus and Sparagus Kidney Pills.

Every physician knows that our kidneys are natural filters. Our kidneys filter our blood. Blood diseases are caused by badly filtered blood.

When the kidneys are well they keep the body well by keeping the blood pure. When they are ill, they filter the blood badly and make us ill.

The sick kidneys can be made well with Dr. Hobb's Sparagus Kidney Pills, and this is what Dr. John Dobson says about it:

Office of Dr. John Dobson, 85-87 Dearborn St., Chicago, July 20, 1895. Hobb's Medicine Co.

Gentlemen—Being convinced of the truth, so persistently iterated by you, that upon the kidneys depend almost entirely the purity of the blood, and that therefore all blood diseases could be cured by treating the kidneys, I decided to make a fair trial of Dr. Hobb's Sparagus Kidney Pills in my practice.

Previous to this I had many cases which I had found I could only temporarily relieve with ordinary drugs, and I hoped, with the aid of the special preparation of Asparagus Officialis (from which, as you have explained to me, your pills are made), to obtain much better results.

I was not disappointed. From the very beginning, the results I got were to me, as a physician, astonishing.

In rheumatism and gout, those diseases which we are often unable to do more than relieve, sometimes not that—Dr. Hobb's Sparagus Kidney Pills almost invariably effected a cure.

Kidney troubles, diabetes, pain in the back, sleeplessness and all that train of disorders, were relieved in a few doses, and sooner or later cured.

In anaemia, chlorosis, general depression, nervous headache, hysteria, neuralgia, etc., the effects were perhaps even more marvelous, the patient seeming to wake up into new life, with new energy, new ambition, new blood and new complexion.

I have now used Dr. Hobb's Sparagus Kidney Pills for some time, and I have decided to use them constantly. I know of no preparation which has such lasting and curative power over all diseases caused by impure or vitiated blood.

Wishing you every success, and that your remedy may become as widely known as it should, I remain

Sincerely yours,

JOHN DOBSON, M. D.

Dr. Hobb's Sparagus Kidney Pills owe their curative power to the healing and tonic properties of Asparagus on the kidneys, and its real tonic and strengthening. It builds up the kidneys, and through them cleanse and revitalizes the blood.

A few doses will relieve. A few boxes will cure.

Dr. Hobb's Sparagus Kidney Pills are for sale by all druggists price 50 cents a box, or will be sent to any address postpaid, on receipt of price.

An interesting pamphlet on the subject will be mailed free to any address Hobb's Medicine Co., Chicago or San Francisco.

Just the thing for hunting—our golf and corduroy caps. Zeigler.

There are many good reasons why you should use One Minute Cough Cure. There are no reasons why you should not, if in need of help. The only harmless remedy that produce immediate results. C. D. Stevens.

LOVE DEFINED.

H. H. Boyesen Gives His Idea of the Tender Passion.

H. H. Boyesen, the well-known novelist, gives a striking and beautiful definition of love in a recent article in Lippincott's Magazine: Love is, to my mind, nothing but an enthusiastic congeniality of soul. It is a profound sense of a pervasive harmony of being. Its first symptom is not a physical attraction, but a delicious realization, on the part of each, of a strange consonance of nature. More than half its joy consists in the feeling of being completely understood in one's noblest potentialities. The lover is for the time what his beloved believes him to be, and she is what he believes her to be. What happy audacity of speech, what glorious heights of feeling, what rare flashes of insight, as the two chords go sounding together, in melodious embrace, reveling in each other's eloquence, charm and beauty. To be thus tuned up an octave above one's ordinary self, to feel the resonance of one's speech in a noble woman's soul, to receive one's thoughts back enriched through her mind, is about the highest beatitude which earth has to offer.

And the chances of it will be infinitely multiplied when mind and character, in the more exclusive sense, shall not be the rare attributes of a few exceptional women. A soul relation can exist only where souls exist and have shed their embryonic swathings, having assumed their permanent type and quality. That by no means precludes growth, but rather insures it, and in a way points its direction.

A. G. Bartley of Magic, Pa., writes: "I feel it a duty of mine to inform you and the public that DeWitt's Witch Hazel Salve cured me of a very bad case of eczema. It also cured my boy of a running sore on his leg." C. D. Stevens.

A Loyal Interpreter.

In an English court a man was on trial who could speak nothing but Irish, and an interpreter was called and duly sworn. The prisoner at once asked him some questions, and he replied. The judge interposed sharply. "What does the prisoner say?" demanded the judge.

"Nothing, my lord," answered the interpreter.

"How dare you say that, when we all heard him? What was it?"

"My lord," said the interpreter, "it had nothing to do with the case."

"If you don't answer I'll commit you."

What did he say?"

"Well, my lord, you'll excuse me, but he said: 'Who's that ould woman with the red bed curtain round her sittin' up there?'"

The court roared.

"And what did you say?" asked the judge, looking a little uncomfortable.

"I said: 'Whist, ye spalpeen! That's the ould boy that's going to hang yez.'"

Wife—He said I ought to go to a watering place and afterward to the mountains, and to get some new light gowns at once.—Fliegende Blaetter.

A Legal Light.

Mrs. Gadd—I sh'd think you'd be worried about havin' y'r darter marry Mr. Brief. He's a young lawyer, an' folks say he's as poor as a church mouse.

"Let me congratulate you on the success of your dream book," said Mr. Dukane to a rising young author.

"My dream book?" repeated the author in surprise.

"Well, I fell asleep while reading it and dreamed lots of things before I waked up."—Pittsburgh Chronicle-Telegraph.

ITS WEIGHT IN GOLD.

A NEW DISCOVERY WHICH IS WORTH THAT MUCH.

To Anyone Afflicted with Piles.

The Pyramid Pile Cure, the new, painless remedy which has been so remarkably successful in curing every form of piles and rectal diseases, has recently been placed on salcat druggists and it is safe to say that when its extraordinary merit becomes fully known, there will be no such thing as surgical operations for the cure of this obstinate and common trouble.

Mrs. M. C. Hinkly, of 601 Mississippi St., Indianapolis, Ind., says: I had been a terrible sufferer from piles for 15 years and no remedies benefited me, until I saw an advertisement of the Pyramid Pile Cure; I got a package, also a package of Pyramid Pills and used both according to directions. I was astonished at the immediate relief obtained and now I honestly believe the Pyramid to be the only certain cure for piles.

That you may realize how bad I was, I will say that I was confined to my bed and went before the college physicians here who said my case was a new one to them and wanted seven or eight hundred dollars to undertake a cure; the great pain had brought on a rupture, and I knew an operation would be death to me on account of blood poisoning. Nearly everyone here knows of my terrible suffering from piles and I feel that I cannot praise the Pyramid Pile Cure enough, and the Pyramid Pills also. My husband will join me highly recommending the Pyramid, my daughter was cured by one box only. For several years I weighed but about 90 pounds, now I weigh 150 and feel in perfect health.

This seems to be the universal testimony of every sufferer from piles who have ever tried the Pyramid; it is the safest, most painless pile cure yet discovered; contains no opiate, morphine, cocaine or any poisonous ingredient whatever, has a soothing, healing effect from the first application, and the moderate price places it within the reach of everyone needing treatment. The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00 per package and the Pyramid Pills at 25 cents per box.

A woman never really knows the meaning of happiness and content until she is the mother of a healthy, happy child. The health of the child depends on the health of the mother, both before and after birth. Most all of woman's weakness and particularly the weakness that most strongly influences the health of children, comes from some derangement or disease of the distinctly feminine organs. Dr. Pierce's Favorite Prescription will cure all troubles of this nature. It should be taken regularly by every woman during the entire period of gestation. It gives strength to all the organs involved, lessens the pains of childbirth and insures the health of both mother and child.
